All The Members'

Green Power Residents' Welfare Association
Sector-75, Faridabad-121004 (Haryana)

Subject: Minutes of 6th Annual General Meeting of Green Power Residents' Welfare Association held on 29.11.2025 (Saturday).

The 6th Annual General Meeting of Green Power Residents' Welfare Association, Sector-75, Faridabad-121004 (Haryana) was held on 29.11.2025 (Saturday) at 11.00 AM in the premises of the Society. The agenda for the said meeting was circulated on 12.11.2025 through email for prior information to all residents. During the meeting, following points were discussed and resolved: -

Agenda Point	Deliberation and decision/resolution of the House
1:	Adoption of RWA accounts for FY 2024-25 & appointment of Auditor Accounts for FY 2024-25 were produced and apprised to the members. All the sections of balance sheet profit and loss account were discussed and it was apprised to the members that Rs. 10,00,000/- (Ten Lakhs) is lying deposited in the in the form of Fixed deposit and cash balance of Rs. 69090/- is available as on 31.03.2025 Copy of account ending March 2025 is enclosed.
2:	Common Maintenance & DG consumption Charges It was decided not to increase the CMC this financial year. Further, it was again resolved that monthly CMC be raised through gateway of meter recharge (C4T app) only and while recharging an electric meter by individuals, pending CMC will be adjusted first prior to electricity recharge. The House was apprised that GPRWA is paying more for per unit diesel consumption than the current DG charges of ₹25/- per unit. In this regard, the House resolved that DG consumption charges be increased to ₹30/- per unit immediately. Further, the governing body shall work out actual DG consumption charges and be charged in billing accordingly on actual basis as soon as possible.
3:	Pending issues as approved in last AGM Members were apprised that conversion of DG set in dual fuel mode and retro-fitted ECD through Cummins India Ltd. is still pending due to non-compliance of statutory provisions from supplier side. The House was also apprised that the part of the advance made to Cummins India Ltd. has been adjusted in the AMC of DG set. In this regard, the House resolved that the remaining amount of advance either got refunded with interest or the same amount be adjusted as advance AMC charges for the upcoming years. The House also resolved that as Mr. Himangshu Saha is well aware of the case, hence, he may take up the issue with Cummins India Ltd. and also to find a new supplier for dual fuel mode and retro-fitted ECD.
4:	Outstanding CMC and interest on delay in payment It was informed to the House that ₹ 29.56 Lacs approx. is pending towards CMC by defaulting members, due to which some essential works are getting hindered. In this regard, it was decided in the meeting that to send a notice to all such defaulting members. It was also resolved that if such defaulters agree to pay the outstanding amount in one go along with accumulated interest within one month from the issue of

	minutes of this AGM, then a discount of 10% on the interest component as a onetime relaxation may be given to them. However, this shall be only first and last opportunity for them and no previous cases (i.e. who have already cleared their dues) shall be reopened in this scenario.
5:	Pending works under the scope of GPWS / SLF Anushree Apartments
	I. It was informed that installation of 2nd DG as per the norms of the NGT, which is originally under the scope of GPWS/Builder, is quite necessary taking into account the condition of existing DG, load requirements and exigency. It was resolved in the meeting that GPWS should be approached to install 2nd DG or to transfer the full amount as required for purchase & installation of new DG. If GPWS proposes to transfer only part amount at present, then it should be allowed with a pre-condition that balance amount shall be transferred in GPRWA account by GPWS/Builder whenever they are in receipt of funds or GPRWA proposes to buy the 2nd DG, whichever is earlier. II. It was informed that STP connection with the Main Sewer Line, Permanent water supply connection and STROM water connection are the pending works that are originally in the scope of GPWS / Builder. As per NGT guidelines, these are mandatory compliances. Despite several reminders/ emails/ notices, none of the two parties responded to GPRWA mails/notices. Members were informed that GPRWA had proposed through email that if GPWS/Builder is not taking up the said work, then GPRWA will get the said works done on their behalf and expenditure incurred shall be reimbursed to GPRWA. Hence, the work of STP connection with the Main Sewer Line was completed by GPRWA and the bill was sent to GPWS/Builder, but the reimbursement of said work is still pending. In this connection, the Members has resolved that if GPWS/Builder don't heed to GPRWA request, then such pending works which are statutory requirements can also be taken up by GPRWA due avoid penalty / adversity and the bills for the jobs done, may be sent to GPWS/Builder for reimbursement. Legal advice in this regard may also be sought if so required/warranted.
6:	Essential / Immediate Capital Works
	It was informed in the AGM that essential and immediate capital works viz; Damaged Balcony outer plaster works, drinking water piping system, other piping works, etc. are in progress. Painting of building shall start once mortar and plastering work is completed. It was also apprised to the house that in the 5th AGM harvesting piping system replacement was proposed, but in past one year it was found that even waste and sewer lines are not in good condition and may have to be replaced in near future. The house approved the proposal to carry out such essential works on priority. The House was also apprised that 1st installment of ₹ 40,000/- was collected from residents except from few defaulters and the collection for 2nd installment of ₹ 30,000/- was underway on the day.
7:	Other decisions taken, as proposed by the House: -
	I. Regarding AC Units hanging outside: Members of the house showed their grave concern on the matter considering the norms and safety. The house resolved that one-month time may be given to the concerned flat owners from the date of issue of minutes of this AGM to shift their air conditioning units within the balconies. Beyond that period, the executive committee of GPRWA is authorized to impose a penalty of ₹ 5000/- per month on the concerned flat/ owner through C4T App without any further notice.

	II. Regarding installation of Boom Barrier & issuance of RFID for vehicles: House was informed that for strengthening the security of the Society, Boom Barrier at the security gate is being installed by Nobrokerhood & all the residents shall be provided RFID for their vehicles. On GPRWA proposal, the House resolved that the cost of 1st RFID be borne by GPRWA and further RFIDs be issued on chargeable basis. Further, the House also resolved that looking into space constraints within the Society premises, an entry/parking charge of ₹1000 per month / per vehicle shall be deducted from the resident through C4T app for 3rd vehicle (four wheeler) onwards owned by any resident. Parking for more than 2 vehicles (4-wheeler) shall not be guaranteed & the resident shall not ask for refund in case of non-availability of parking. It was further resolved that resident/ owner shall provide desired information about vehicles of their visitors (including duration of stay) at the Security Gate. The parking of visitor vehicles shall be done at the visitors' parking area only. It was decided unanimously that the executive body of RWA is free to take appropriate action against unclaimed / unauthorized vehicles (2 or 4 wheelers) parked in the society premises towards safety against untoward incident.
	III. Regarding parking & driving of vehicles within Society premises: The house resolved that parking in tiled/ bitumen area besides the towers should be prohibited. Resident vehicles/ visitors' vehicles should be parked in the allotted spot/ designated areas for parking by the boundary wall only, else the GPRWA reserves the right to get it removed without any prior notice at the risk and cost of concerned residents/ vehicle owner. Also, residents/ visitors shall maintain speed limit (max. 10km/hr.) while driving within the Society premises.
3A Isht Agarwal	IV. Regarding major civil or any other works done within flats: The House was apprised that whenever major civil or any other works are done within concerned flats, the residents/ contractors/ works are negligent about disposal of garbage & scrap and usually dumped in the common areas of the Society/ own or others parking, which creates hindrance in maintenance & cleanliness of the Society. In this regard, the house resolved that a security amount of ₹5000/- & compulsory charges of ₹5000/-, total ₹10,000/- should be charged from concerned resident/ flat owner prior to allowing for such major civil or any other works done within flats. Security amount shall be refunded/ adjusted against CMC amount, if executive body of GPRWA feels that the concerned resident/ owner/ contractor has followed all the terms & norms and no damage, nuisance etc. was caused during the course of work. Else, the security amount shall be forfeited.
	V. Regarding use, obstruction etc. in the common areas: The House resolved that Common areas of the Society cannot be used for personal use. Any kind of construction, obstruction etc. in the common areas for personal use should be dealt firmly. Executive committee of GPRWA has the rights to remove such construction, obstruction etc. after one notice through email. If compliance is not done within the stipulated time in such email/notice, the same shall be removed without any further notice and the cost incurred on such removals shall be deducted from the concerned account through C4T App. It was also resolved that garbage, scrap, unclaimed/unauthorized material & construction etc. in common areas shall be removed without any notice in 03 days from the date of identification.
	VI. Regarding locked flats: The house was informed that during maintenance works, hindrances are faced due to locked flats. The House resolved that owner of such flats should either hand over the keys of their flats to one to whom they can trust or should respond promptly when called upon. In such cases information shall be sent to

	concerned flat owner/ resident through email and keys shall be made available by them for the maintenance work within 2 days. If the owner/ resident do not respond to such email and calls, the executive committee of GPRWA reserves the rights to break the lock and open the doors of the concerned flats with video recording and lock the flats after the maintenance work is done. During this course, if any damage / loss occur, RWA shall not be held responsible and the cost of repair shall fully be borne by the said resident/ flat owner. Such amount shall be debited through C4T App without any further notice.
VII.	Regarding additional CCTV cameras: The House was informed that for enhancing security of the Society, additional CCTV cameras are required. House resolved that the same shall be installed on priority basis.
VIII.	Shed over open ducts and DG set: The House approved the proposal came out in open house of the Society for installation of sheds over open ducts and over DG set for safeguarding from rain etc.
IX.	Tiling work in stilt & lift lobby area, installation of false ceiling: House was apprised that to face lift of the Society, tiling work in stilt & lift lobby areas is in progress and the same shall be completed by the month of January 2026. The House applauded the efforts done by the governing body.
X.	Closure of open windows near staircases: House was informed that the open windows near staircases cause problem due to hot or cold winds during summer/ winter seasons. Also, due to open windows dust accumulates in the lobby and on staircases of the tower and it remains dirty even after daily / routine cleaning. For cleanliness, the same needs to be closed through tampered sliding glass windows on aluminum framing. House approved the proposal.
XI.	Termite Treatment: House was informed that termite is spreading in few flats of the Society. Hence, after market survey, a work order for termite treatment has been awarded along with AMC for one year. The House agreed to the work and resolved that all immediate measures be taken up to stop / removal of termite spread within flats / premises. The owners of the affected flat shall inform the neighbors / society and take up termite treatment work on priority basis as the situation warrants.
XII.	Enhancement of main gate: It was proposed before the House that after major capital works, if sufficient amount is in kitty of capital account, then the work of gate enhancement can be undertaken. The House agreed to the proposal.
XIII.	Customization of common water pipeline by individual flat owners: House was informed that few residents have customized connections from the common water pipelines into their flats from the concerned shafts, which may hinder the pipeline work and void the guarantee being provided by the contractor. Hence, it is proposed to remove such direct connections from the main water pipeline and also impose penalty for the same. House agreed to the proposal.
XIV.	Seepage & AC pipes in individual flats: The House was also informed that there is seepage from different flats either from their internal pipeline or through AC pipes, which cause dampness on walls and floors of the Society leading to structural/external damage and seepage in other flats. Despite repeated requests, some flat owners' are reluctant to take appropriate action in time. The House resolved that this should be looked into seriously and if not attended by the flat owner within a week time from issue of notice through email from RWA, suitable penalty equivalent to the amount of carrying out such repair work etc. in the damaged area on external walls should be imposed through C4T account of such concerned flat owner without any further notice. In case, the main source of such seepage in external area is not rectified by flat

	owner within a week time from issue of notice through email from RWA, a penalty of ₹1000 per week shall be imposed through C4T App without further notice. Similarly, it was also decided that in case complaint of individual flat owners/tenants w.r.t. seepage/dampness in their flat, if it is identified that cause of such seepage / dampness is from other adjacent flats and the same is not getting rectified by flat owner within a week time from issue of notice through email from RWA, a penalty of ₹1000 per week shall be imposed through C4T App without further notice.																																																								
XV	Damage to the Society: The house resolved that the residents and their guests / visitors should refrain from damaging the property of the Society anyhow and if found so, a suitable penalty equivalent to damage should be imposed through C4T account of such concerned flat owner immediately.																																																								
XVI	Lift condition in Society: The House was informed that existing lifts in the Society are facing frequent breakdowns. The House resolved that this issue should be monitored closely and the service provider shall be asked to rectify the problems promptly. Further, the phased renovation of lifts shall be planned in due course.																																																								
XVII	Water softener plant: The House was informed that hardness in water is damaging water pipelines and also detrimental to health. The House agreed to the proposal of installation of suitable water softener/treatment plant.																																																								
XVIII	Appointment of Advocate & Accountant: The House approved the proposal of appointment of Advocate & Accountant due to increasing work load of the Society.																																																								
8:	Election for reconstitution of the governing body In the 6 th AGM held on 29/11/2025 new RWA governing body was constituted as follows: <table><tr><th>Sr. No.</th><th>Designation</th><th>Name</th><th>R/O</th></tr><tr><td>1.</td><td>President</td><td>Sh.
